# PREFACE.

---

In presenting the fourth volume of Bushnell's Directory of the City of Des Moines to the citizens and its patrons, we do so with no little pride, feeling assured that it will meet the expectations of the public, and do credit to us as the compiler and publishers. The labor of compiling a complete Directory is a task that but few seem to realize, yet we feel confident that our experience in this particular line, has enabled us to produce a work creditable alike to the city, patrons and compiler. It is believed that this book is as free from errors as it is possible to make a work of this kind, and that it will meet with the success confidently anticipated when the work was projected.

The work embraces a general Directory, giving a full list of the names, business pursuits and locations of the inhabitants, a classified business Directory of all branches of business, trades and professions, and a neatly executed map of Des Moines; also a full list of churches, educational institutions, orders and societies, together with a condensed historical article and business directory of the principal towns of Polk county.

The population has increased over fifteen hundred since our previous publication, now numbering eighteen thousand three hundred and forty-three, which indicates a healthy growth for so short a time.

We return our sincere thanks to the many friends who have so generously patronized us. Hereafter the Directory will be published annually.

Yours Respectfully,

THE COMPILER.

This cut represents our celebrated Climax School Desk, justly acknowledged to be the best Desk made, and which we manufacture both double and single.

# DES MOINES, IOWA.

---

ITS BUSINESS, COMMERCIAL AND MANUFACTURING INTERESTS---COAL MINES, RAILROADS, NATURAL ADVANTAGES AS A COMMERCIAL CENTRE, ETC., ETC.

---

In area Des Moines includes about twelve square miles, all suitable and laid out for building purposes. The city is spreading with unprecedented rapidity, both in the erection of handsome and comfortable dwellings, and solid, imposing, and beautiful business blocks.

No city in Iowa presents so good a prospect for the future as Des Moines; no other gives evidence of more enterprise. In 1843 the Government established a fort with a small garrison, and the same was designated Fort Des Moines. In June, 1846, the town of Fort Des Moines was laid out. In 1857 the city of Des Moines was incorporated. The United States census of 1850, seven years before, placed the population at 515. Three years later, in 1860, it had increased to 4,181, and in the ten years immediately following the gain was 7,854, giving a total population in 1870 of 12,035. Since then our population has increased, until this year it is estimated at 18,548.

For the Western trade, what town so favorably situated? With all the natural advantages that make it the market for the West, and insuring it cheap transportation from the East, it could not be better situated in reference to this trade. Indeed, the progress already made in this direction is some indication of what may be expected in the future.

Her jobbing interests have kept pace with her increased railroad and other facilities. The wholesale trade

of the city to-day amounts up into the millions of dollars annually, and is steadily on the increase.

Des Moines has every element necessary to make it a great manufacturing center. Coal is abundant and cheap. An inexhaustible water power is here, and railroads in every direction are ready to bring in the raw material and carry out the manufactured articles. The success of the factories already established and the rapid settlement of the country tributary to the city are warrants for the establishment of many more.

We take pleasure in noticing that Des Moines manufactures are equal in appearance and quality to the best products of Eastern manufacturing cities.

In 1866 the first railroad reached Des Moines; now we have six. Two others are partially graded, and will probably be in operation before many months. No other city in the State is to-day as favorably situated as Des Moines so far as railroads are concerned. The present companies are the Chicago, Rock Island & Pacific Railroad, H. F. Royce, Division Superintendent; Des Moines, Indianola & Missouri, H. F. Royce, Superintendent; Des Moines, Winterset & Southwestern, H. F. Royce, Superintendent; Des Moines & Fort Dodge, George W. Ogilvie, General Freight and Ticket Agent; C. H. Gilmore, Superintendent; Des Moines & Minnesota (Narrow Gauge), James Callanan, President; J. J. Smart, Superintendent; Keokuk & Des Moines, H. Coykendall, Agent. The Rock Island Company will extend their line from Oskaloosa to connect with the Indianola Road, and the Albia, Knoxville & Des Moines (which is built as far as Knoxville, Marion county.) will be completed to this city, which will give us direct communication with St. Louis. Ex-Governor Samuel Merrill is the President of the Albia Road. The question of its extension is already being agitated, and it is altogether probable that we shall soon have direct connection with the south of Iowa through this road. The Des Moines & Fort Dodge are talking of extending their line north. The Des Moines & Indianola branch of the C., R. I. & P. R. R. will be extended south to Chariton. There is also a project on foot for the extension of the Des Moines & Minnesota road north from Ames. This done, Des Moines is the focus for direct lines leading north, south, east and west, and connecting with the largest cities in all parts of the country.

Our Banks—Of these there are nine, viz: Nation 1 State, Jas. Callanan, President; F. R. West, Cashier: Iowa National, J. K. Love, President, Geo. H. Maish, Cashier: Citizens National, Samuel Merrill, President, J. G. Rounds, Cashier: Valley Bank, G. M. Hippee, President, J. J. Towne, Cashier: Des Moines Bank, Simon Casady, President, Ellwood Gatch, Cashier: Iowa Loan and Trust Company, Samuel Merrill, President, Jas. B. Heartwell, Sec'y, Corydon E. Fuller, Treasurer: State Safety Bank, E. J. Ingersoll, President, Louis Stutz, Cashier: East Des Moines Capital City Bank, A. L. West, President, and I. N. Thomas' Bank.

Home Insurance Companies—The Equitable Life takes rank as one of the safest, most thoroughly solvent institutions in the land. Hoyt Sherman, President; J. S. Polk, Secretary. The Hawkeye Fire, E. J. Ingersoll, President; A. Howell, Secretary. The State Fire, J. M. Coggeshall, President; J. E. Myers, Secretary.

The above fire insurance companies are perfectly sound and reliable. As an evidence of which, we find them endorsed by our best business men and wealthiest citizens.

Hotels—There are 13 in number—the Aborn, Savery, Jones, Given and DeMoine, are among the principal.

Educational.—The city is divided into two independent districts, East and West Des Moines.

West Des Moines.—In this district there are four magnificent school buildings with a seating capacity of 1,716. The estimated value of the school property is \$320,000.

East Des Moines.—Has three school buildings with a seating capacity of about 1,000. The value of school property is estimated at \$130,000, making an aggregate for the city of \$470,000, invested in the schools of our city.

The University of Des Moines, under the auspices of the Baptist denomination is prospering finely.

The Des Moines Law School may also be numbered among the thriving educational institutions of the city.

Des Moines is one of the most healthy places, as we are informed by the city sexton, in the country.

It is gratifying to know that the price of real estate in the city is by no means affected by the hard times. It remains firm, and to-day good business lots are worth fully four times as much as ten years since. The reason for this is found in the steady, substantial progress of the city. Every business room is occupied and not a dwelling of

any kind goes begging for a tenant; instead there are loud calls for more business blocks and more residences.

We learn from our builders and contractors that there has been an unusually large number of dwellings houses erected this last summer. The coming season will probably be one of unusual activity in building, that will witness a large and rapid growth of our city.

The principal buildings which arrest the attention on entering the place, are the State House and Public School Building on Capitol Hill, in the east part of town, the University building on a hill in the west, and the Court House, four very fine and expensive Public School buildings, United States Post Office, the new C., R. I. & P. R. R. depot, the many fine large church edifices, together with many fine residences, as elegant and costly as there are in the State. A new State House is now being built, which will cost an enormous sum - say two million dollars—and is to be one of the finest in the United States.

We believe that Des Moines will eventually become the metropolis, as it is the capital, of Iowa. No city in the State can point to so rapid a progress in the past few years and there are none whose signs of prosperity in the present exceed those of our city. In point of architectural and natural beauty she can vie with cities many years her senior, in railroad facilities she bears the palm from any town in the State, in manufacturing and commerce she makes a showing which might well make proud much larger cities, while in the character of her citizens, the munificence of their charities, the public spiritedness and enterprise of their business life, she stands without a peer. Viewed in the light of these facts, Des Moines possesses no ordinary interest; and he who studies the situation disinterestedly will not undervalue its importance, or ignore its well-grounded hopes of future prosperity and greatness.

# CHURCH DIRECTORY.

ASBURY CHAPEL, M. E.—1802 e Sixteenth st, V. G. Boynton, pastor, services 2:30 p m and 7 p m; Sunday School 9 a m, John Penn, Supt.

MANUFACTURE

**Drain, Sewer, Well Pipe**  
**And Chimney Flues.**

Works and Office cor. Seventh and Vine Sts.,  
One Square from Court House and P. O.

Des Moines, - - - - - Iowa.

WILLIAM C. STREET, Prop'r  
MARTIN TUTTLE,

Especial attention given to the  
manufacture of entire Chimney  
Flues and Tops--they being less than one-half the weight  
and cost of brick flues of the same capacity for draft; the flue  
being round inside insures a perfect draft; either for the  
burning of wood or coal. Are warranted to withstand the  
action of extreme heat or frost; are made of different pat-  
terns and sizes.

Send for Cash Price List.

# Drs. Grimes & Patchin's New Eye and Ear Infirmary.

Located cor. Fourth and Walnut, West Side, } DES MOINES,  
 Corner Sixth and Locust, East Side, }

This Institution is open at all times for the reception of patients. Reasonable charges for medical attention or surgical operations.

**Cross Eyes Straightened and Artificial Eyes Inserted Upon Reasonable Terms.**

We are prepared to receive and attend all who favor us with a call.

## CHRONIC DISEASES

Treated with unparalleled success. Special attention given to affections of throat and skin. Catarrh treated and positively cured by an entirely new method of Inhalation. Instruments and medicine furnished at reasonable rates.

**Examination of the Internal Eye with the Ophthalmoscope.**

Cancer taken out with or without the knife, as the patient desires. Neuritis, rheumatism and all severe, nervous diseases, and diseases peculiar to females. Hundreds that have suffered for many years are daily being discharged, cured of Catarrh, Bronchitis, and pulmonary affections. Cross eyes straightened. Granulated sores eyes positively cured. Many patients coming to us blind have gone away with good sound eyes. Deafness cured.

We invite all who are afflicted to call where they can receive personal attention. Letters of inquiry are solicited.

# POLK COUNTY IOWA.

## A BRIEF HISTORICAL ACCOUNT OF THE SETTLEMENT AND ORGANIZATION, WITH A LIST OF THE BUSINESS FIRMS, OFFICERS SOCIETIES, &C., &C.

### POLK CITY.

This pleasant country village is one of the most ancient in the history of Polk county. Its origin dates away back to the time when the United States troops were stationed in the long log barracks on Coon Point, known as Fort Des Moines. Mr. George Beebe came to the country from the far East in 1846 and settled on Big Creek. Seeing a good speculation in the enterprise—even if the town should prove a failure—he proceeded to plat and lay out the first and original town lots. In order to improve the location the town was laid out diagonally northeast and southwest. Dr. Bennett was one of the influential men of the day, and assisted in laying out the Des Moines Addition—Waukonsa—upon the northwest of the town proper. In 1858, Mr. Hopkins built the Hotel property now owned by Mr. Warden and known as the Polk City House. In 1853, the Methodists organized a society, and in 1866 built a church. The edifice was a very fine one then, and still is suitable to all the wants of the people. The first pastor was George W. Palmer.

In 1864 a large and very fine school building was erected for deucational purposes. The school was divided into three grades, competent teachers were chosen and to day there is but slight change in the system of management. Beebe's Mill, the first in the northern part of Polk county, was erected in 1866. In 1872 the Christian Society was organized into a church and an edifice erected.

In the spring of 1875 the matter of incorporation was discussed, caucuses were held, election day came and the destiny of the city with the fortune of the treasure became a fixed fact. The Mayor was A. D. Hickman; Re-

cordier, J. A. Kuntz; Treasurer, A. L. Clingan; Assessor, T. L. Dyer; and N. R. Kuntz, O. N. Rogers, William G. Swim, W. J. Wilson and R. B. Armstrong, were the first aldermen.

In October of the year 1872, the Masonic Lodge—Operative No. 308—was organized. It has steadily improved since the first meeting, has largely increased its membership and is now officered as follows, viz:

N. R. Kuntz, W. M., C. J. Clark, S. W., S. F. Donaldson, J. W., W. J. Wilson, Secretary and R. B. Armstrong, Treasurer.

Their meetings are held in their hall.

The younger of the two Lodges, the Polk City I. O. of O. F., No. 300, was organized in the month of November, 1874. The officers of the Lodge at present are: N. R. Henington, N. G., W. J. Wilson, V. G., C. J. Clark, R. S., A. C. Truesdale, C. S., G. F. Hubbard, Treasurer.

Polk City also did her full share during the civil war. In 1862 Co. "A", 10th Iowa, was here formed, and Capt. McCalla, who was afterward promoted to Major of the 10th, was its first officer. Co. "B", of the 23d Iowa, was also largely organized here. Captain C. J. Clark was the commanding officer. He afterward became Lieut. Colonel of the 23d Iowa.

The town lies on the  $w\frac{1}{2}$  of Sec. 1, Town. 80, Range 25, upon a high and dry elevation. The surrounding country is well watered by Big Creek and by the Des Moines river upon the west. Coal is found near by and inexhaustible mines will soon be developed and in working operation. Stone suitable for foundation purposes abounds near by, and in a short time when the quarries are properly opened, owners feel confident of supplying the market with good building stone.

Polk City commands a good trade. It is far enough away from a larger place to be independent, and it lies in the heart of one of the most productive sections of the Hawkeye State. Well watered, well timbered and provided with fuel and building stone lying at its very feet: with the Des Moines & Minnesota Railroad as a means of transportation either north or south: with churches and schools and a quiet and peaceful civil government, Polk City is bound at no distant day to be an inland city of wealth and prosperity.

MITCHELLVILLE, : : : : IOWA.

## MITCHELLVILLE.

In the year 1844, when our Polk county was almost uninhabited, save by the red man, Hon. Thomas Mitchell emigrated from Fairfield, this State, to Beaver Township, and settled at Apple Grove, on the Iowa City road, opened a tavern, and in 1867 he fashioned the plan of the village, which to-day bears his name. It lies one-half mile from the east line of the county and about sixteen miles east of Des Moines, on the Chicago, Rock Island & Pacific R. R., upon as pretty a tract of rolling prairie as lies between the rising and the setting sun. E. J. Valentine was the first merchant.

A. J. Grismer, during the year of 1868, erected a hotel, which is now kept by D. R. Hoxie, and known as the Hoxie House.

The year 1870 saw N. W. Cram, the present Mayor, and Geo. D. Moore, entered upon business, and Jones Brothers' brick block erected.

The station on the K. & D. M. R. R. three-quarters of a mile south of town, called Nobleton, is, in reality, South Mitchellville. Quite a business is now carried on here by the grain men, who have built their elevators upon the K. & D. M. track. Coal and lumber also are there sold by Fred. Strong.

The Seminary was built in 1872 and 1873, at a cost of \$25,000. It lies in the southwest of the town proper. The institution is under control of a board of trustees, appointed by the Iowa Universalist Convention. Rev. J. R. Sage is the Principal. Hon. Thomas Mitchell, our well known and popular State Senator, is President of the Executive Committee. Many of the best business blocks were built during this and the following season—among them the Masonic Hall, built by Russell & Valentine, upon the north side of Second street, and Valentine Andrews put up his hall, which has since been christened "Andrews' Opera House."

The Christian church was erected in 1874—cost about \$2,500. The present pastor is Rev. J. B. Vawter.

The incorporation of the town was in the summer of 1875. The first election resulted as follows, viz:

Mayor, N. W. Cram: Recorder, E. L. Fields: Council—M. S. Kimball, Geo. D. Moore, William S. Jones, Isaac Henshie, John S. McCrory.

## CRYSTAL LODGE NO. 313, A. F. &amp; A. M.

The Lodge now is composed of seventy-five members, have a nice, well-furnished hall. Present officers:—S. S. Moore, W. M.: S. J. Oldfield, S. W.: Robert Ball, J. W.: William S. Jones, Treas.: N. W. Cram, Sec'y.: Geo. W. Copley, S. D.: Joe Piggott, J. D.: L. P. Mead, T. Y.

Mitchellville has every prospect for prosperity. Its founder gave every mechanic who settled and built to remain, a business lot, FREE. Over twenty-five have thus taken advantage of his generosity.

## THE HOXIE HOUSE.

Old "Father Hoxie" has the reputation of being one of the most genial and obliging landlords upon the C., R. I. & P. R. R. He is an old resident, knows the county perfectly and can give the traveller much good advice as to manner and mode of traveling, and can always "tell you the way." "Plenty to eat and merry good cheer, with nothing to drink," is his motto.

If we may be allowed to predict of the future we would say this: Too near Des Moines to be a great city, yet far enough away to be a good town, we know of no place of the same size which presents better opportunities for the investment of capital, or which promises a more enduring prosperity.

## ALTOONA.

This pleasant village lies upon either side of the dividing line between Beaver and Delaware Townships, about eleven miles east of Des Moines, and six miles southwest of Mitchellville, on the K. & D. M. R. R.

In 1868 Mr. W. H. Davis located the town site. The Chicago, Rock Island and Pacific Railroad depot was soon built and Mr. W. Chamberlain opened the first store, N. W. Wheeler followed with another, and then came I. W. Selee, who was the first blacksmith in the town. H. C. Ensign laid out eighty acres in Delaware township as the first addition to the original town plat of ten acres. Dr. Morgan opened his office for the practice of medicine, and in 1871 T. E. Haines opened a grain warehouse and sold farming implements.

Joe Blakslie soon afterward opened a hotel, and this year Rev. Holmes also came to watch over his little flock in the M. E. Church, which had just been built. Giles Rosa shortly afterward opened a meat market. Dr. English now came and began the practice of medicine.

The Christian Church was erected in 1872, and Rev. T. F. Brown became its pastor.

In 1873 the Keokuk & Des Moines depot was built, and D. A. Cheney erected an elevator. In 1874 the people began to look about them for proper educational facilities and accordingly a large and commodious school house was built.

If the busy, hard working mechanic of the over-crowded eastern cities could only be made aware of the cheap and valuable homes offered by these great prairies of Iowa, he could choose no better place to pitch his tent and find a home than in the town of Altoona.
